

Science Overview

In Science the children will be able to make links to our previous learning and the world around us. Students will have the opportunity to investigate and explore independently where the children will have the experiences to extend their learning through research and working scientifically. Children will be taught core vocabulary whilst each journey is progressive but repetitive so that prior learning is not lost but built upon.

		Autumn		Spring		Summer	
Key stage 1	Year 1	Seasonal Changes	Animals including Humans- All About Me	Exploring Everyday Materials	Everyday Materials- 3 Little Pigs	Plants	Animals including Humans- Animals
	Year 2	Everyday Materials	Animal including Humans	Life Cycles	Living Things and their Habitats	Habitats around the world	Plants
Lower Key Stage 2	Year 3	Rocks	Animals including Humans	Forces and Magnets	Plants	Light	Scientific Enquiry
	Year 4	States of Matter	Electricity	Animals including Humans	Living Things and their Habitat	Sound	Conservation
Upper Key Stage 2	Year 5	Properties of change and materials	Animals including Humans	Earth and Space	Living Things and their Habitat	Forces	Change of Materials
	Year 6	Electricity	Light	Animals including Humans	Evolution and inheritance	Living Things	Looking after the environment
